HACK SAW FRAMES

ASYH2015

- Professional hacksaw frames
- Reinforced ergonomic shank
- High tension: Vibrations reduced
- Storage for blades
- Quick change mechanism
- Includes bimetal quality blade 300 mm

28,38 €

ASYH99

- Professional quality
- Reinforced shank, ergonomic
- 10 blades store
- Includes bimetal quality blade 300 mm

20,29 €

ASYH2009

- Standard quality
- Rigid metal structure
- Includes bimetal quality blade 300 mm

16,98 €

ASYH2107

- Reinforced shank, ergonomic
- 150 mm. length blades
- Full aluminium body
- Includes bimetal quality blade 150 mm (Ref. H2107)

8,67 € *

ASYH012

- Saw arches support shank
- For 300 mm length blades

10,98 €

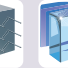

*Available until end of stock

JIG SAW BLADES BLUE-MASTER

The wide range of Jig Saw Blades BLUE MASTER meets the highest requirements in all kind of applications, from solid wood to hard metals or synthetic materials. The state-of-the-art production technologies and high quality standards provide the best performances in all applications becoming the market leader in Jig Saw Blades.

Manufactured with the best raw materials for the applications and designed according to the most adequate geometries to obtain the maximum performance in every cutting operation.

MULTI-PURPOSE CARBIDE RECIPROCATING SAW BLADES

Reciprocating Saw Blades

Pink

Shank Suitable for the following machines:

- AEG - Bosch - Black & Decker - Metabo - Flex - Hitachi
Milwaukee - Rockwell - Makita - Skil - Dewalt**

RECIPROCATING BLADES FOR WOOD AND METAL, SPECIAL FOR WINDOWS, WOOD WITH METAL FITTINGS, ETC.

High performance for intensive work in wood and metal, windows, wood with metal fittings, etc...

Ideal for applications in renovations and debris removal. It supports the possible rubbing with mortar, brick, and materials of the wall where the wood is housed.

Specific carbide teeth for wood and metal, cuts where conventional bimetal reciprocating saws must stop.

CARBIDE RECIPROCATING SAW BLADES

Shank Suitable for the following machines:

- AEG - Bosch - Black & Decker - Metabo - Flex - Hitachi
Milwaukee - Rockwell - Makita - Skil - Dewalt**

CARBIDE RECIPROCATING SAW BLADE FOR METAL.

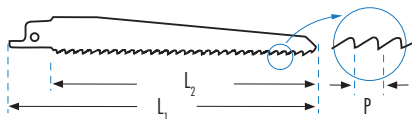

High performance for intensive work on hard metals.

Perfect straight cuts in cast iron, high alloyed steels, high hardness steels and stainless steels.

Intensive use in cuts for any type of metal, specifically for renovators or those professionals who need to make precise cuts in sheet metal, thick sheet metal or very thick pipes.

BIMATERIAL HANDLE FOR RECIPROCATING SAW BLADE

AG100

- Compartment for storing reciprocating saw blades. Maximum 6 saws up to 150 mm (not included).
- Metal fastening piece for universal 1/2" clamping.
- Quick change through fastening lever.
- Perfect locking system, without looseness and great resistance.
- Excellent ergonomics, anti-slip bi-material handle.
- Hole for full-protection cord.

OSCILLATING SAW ADAPTOR

NEW

Ref. ADFMQCSTK

The new Oscillating Saw Adaptor is an innovative tool that allows to use FM and QC blades with your STARLOCK machine in a simple and efficient way. With this adaptor, you can get the most out of your multi-tool machine by switching easily from one type of attachment to another and from one type of accessory to another.

OSCILLATING SAW ADAPTOR

NEW

Ref. ADFMQCSTK

The new Oscillating Saw Adaptor is an innovative tool that allows to use FM and QC blades with your STARLOCK machine in a simple and efficient way. With this adaptor, you can get the most out of your multi-tool machine by switching easily from one type of attachment to another and from one type of accessory to another.
